

### **Discover Your Musical Path at Mentor Music Night!**

Last Friday, our 5th-grade students visited Mentor High School for an exciting field trip, enjoying live performances by the high school band, choir, and orchestra. This inspiring experience gave them a glimpse into the opportunities available in middle school music programs.

We now invite parents to join us for **Mentor Music Night** on **Thursday, January 16th, at 7:00 p.m.** in the Mentor High School Fine Arts Center. The evening will feature a short presentation from middle school music teachers and a hands-on session where families can explore band and orchestra instruments and ask questions.

This is a great chance for students to decide whether choir, band, or orchestra is right for them. Attendance is encouraged but not required, and all key information is available on our [website](#). Questions? Contact:
